RECENT WORK

Control Panel Dashboard + Splash Page

A screenshot of a dark-themed control panel dashboard. At the top, it shows "My cool new minecraft server!" with a server address of 192.168.0.1:25965 and 0/40 players online. Below this are two line graphs: "CPU Usage" and "RAM Usage", both showing values around 22%. Underneath the graphs are several dropdown menus for selecting worlds and job files, with "world" selected for all. A "Save" button is at the bottom right.

A screenshot of a website for game server hosting. The header features the letters "MC". Below it, there's a section for "Game Server Hosting" with a "Let's Get Started" button. A large image of the control panel dashboard is displayed prominently. On the left, there are icons for enterprise hardware, 24/7 support, competitive pricing, and custom control panels. A testimonial from "Captain Sparklez" is shown at the bottom.

A screenshot of a landing page for "One-Click Install". It features a "One-Click Install" heading and a "Can I get a free server?" section. There are icons for various servers like Minecraft, Red Dead Redemption 2, and ARK. A Trustpilot review bar with a 4.8/5 rating is at the bottom.

MC
Start your journey.

MCPROHOSTING

2 Years

Tech Support Representative → DevOps Engineer

Debugged thousands of Java, MySQL, JSON & YML errors clients faced.

Led the development of several Laravel-backed services and co-developed an Electron-based application.

Maintained and improved our core infrastructure built on Laravel, Go, Smarty, SASS, jQuery, MySQL, DO & AWS. This includes our site, billing platform, control panel, and daemon.

ENTRE

2 Years

UX/UI Designer → UX/UI Lead

Designed scalable UX/UI solutions for Entre's mobile and web platform from the ground up.

Built a prototype that landed an investment from Microsoft.

Learning and innovation go hand in hand. The arrogance of success is to think that what you did yesterday will be sufficient for tomorrow.

Ask me about my side projects!

William Pollard

Building dreams, meeting new people, and remaining a life-long student has kept me pushing for excellence in products I produce and a need to thoroughly understand the knowledge I accumulate. I excel in an environment that gives my work meaning, allows for opportunities to grow, and has a strong team-driven spirit with a common goal; if this resonates, let's talk!
